# HOW to ORDER PARTS and AVOID INCONVENIENCES

This Parts Price Book is issued for the convenience of our customers when in need of repair parts. All parts are shown herein and individually numbered. Corresponding numbers with names of parts and assemblies, with full description are given on other pages. We use assembly numbers where sub-assemblies are required, thereby avoiding the necessity of the customer giving numbers of each individual piece.

INSTRUCTIONS GIVEN BELOW MUST BE CAREFULLY OBSERVED ON EACH ORDER. This, we assure you, will be to our mutual advantage, thus eliminating unnecessary correspondence.

## HOW TO ORDER

Write plainly and legibly when ordering parts. DO NOT WRITE ON ANY OTHER SUBJECT. Use the utmost care when selecting parts from parts book, by comparing parts with illustrations. Read description carefully.

PARTS ORDERS SHOULD BE PLACED WITH OUR NEAREST RECOGNIZED DEALER OR DISTRIBUTOR. Give part number and description of items wanted, and sub-assembly numbers and description when assemblies are required. Do not depend upon numbers cast on parts as being correct.

## GIVE SERIAL NUMBER

ALWAYS GIVE MOTOR NUMBER AND FLYER NUMBER WHEN ORDERING PARTS. The serial number of the Motor is stamped on the crank case, directly forward of the fly wheel. The serial number of the Flyer is placed on a plate nailed to cross beam in front of seats.

## RIGHT OR LEFT

"RIGHT OR LEFT" refer to opposite sides and are taken from the position of the driver behind steering wheel facing forward.

## SHIPPING INSTRUCTIONS

State, when ordering, whether shipment is desired to come forward by express, freight or parcel post.

## REMITTANCE

Remittance in full must accompany every order, unless customer has a deposit sufficient to cover value of parts ordered.

Remit in full by post office or express money order, or United States stamps. Stamps will be accepted for parts orders less than One Dollar (\$1.00) only. Always include with remittance sufficient amount to cover parcel post on mailable parts orders. Prices quoted in this parts book do not include the 5% Federal Tax, which must be added to shipments of this nature, when shipments are made to any place in the United States. Excess postage will be refunded. Mailable parts are forwarded at owner's risk. If material is to be forwarded by insured parcel post, mention so in your order and accompany order with an additional fee of ten cents (10c) to cover insurance. Remittance with order eliminates delay in shipment, and avoids annoyances of C. O. D. and return collection charges.

## PRICES

Prices quoted herein are subject to change without notice. Prices on tanks, wheels, axles, mudguards and steering gears include enameling. ALL PARTS ARE SOLD F. O. B. FACTORY.

## INSTRUCTIONS ON RETURNING PARTS

TAG EACH PART WITH MOTOR NUMBER FROM WHICH IT WAS TAKEN. PLACE NAME AND ADDRESS PLAINLY ON TAG. AT THE SAME TIME ADVISE US BY LETTER, EXPLAINING FULLY WHAT PARTS ARE BEING FORWARDED AND THE OBJECT FOR RETURNING. TRANSPORTATION CHARGES MUST BE PREPAID ON ALL SHIPMENTS TO THE FACTORY, OTHERWISE THEY WILL NOT BE ACCEPTED.

PRICES EFFECTIVE APRIL 1st, 1920.

PRICES SUBJECT TO CHANGE WITHOUT NOTICE.
